RFQQ NO. 09-101
ADDENDUM #1**

Question 1.

1. Does the language in 1.3 regarding “member in good standing with the WSBA” in 1.3 and definition of “DEL Review Judge” in 1.6 mean that only practicing attorneys in “active” WSBA status” may submit proposals? There is also WSBA “inactive” and “judicial” status that are not actively practicing law.

Answer: The RFQQ is not intended to be restricted to attorneys with an “active” WSBA license status. Proposals may be submitted by attorneys in WSBA “inactive” or “judicial” status who otherwise meet the experience requirements noted in section 1.3 of the RFQQ.

Question 2.

1. Will there be an opportunity for DEL and the contractor to discuss and agree on (or potentially revise) the performance measures in 1.2., such as what is meant by “timely.” Some of the measures appear to call for a some legal or judicial experience on DEL’s part (the third black bullet, for example).

Answer: The DEL Director has encouraged contractors and potential contractors to engage in a discussion with DEL about ways to measure the effectiveness of DEL-contracted services.

Suggestions about the proposed performance measures in RFQQ section 1.2 - or suggested alternative measures - are encouraged. The performance measures noted in section 1.2 are intended to reflect potential measures that may be refined or revised during contract negotiations.
